DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group I, claims 1-4 and 14-17 and the species of titanium alloy in Paper No. 5 is acknowledged. The Examiner has decided to include both the titanium and titanium species in a single species since one embodiment would be obvious over the other embodiment.

Claims 5-13 and 18-21 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to nonelected inventions.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-4 and 14-17 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Van Blitterswijk et al. or Ashkar et al.

See Example 6 of Ashkar et al. and the entire document of Van Blitterswijk et al.
